

Dr. Surendra Gupta

Dr. Surendra K Gupta is the founder, President, and CEO of American Radiolabeled Chemicals (ARC) Inc. A committed philanthropist, he has established several educational scholarships at UMSL, Wayne State University, I.I.T. Mumbai, Hindu College, and University of Delhi. He pursued his degree in Chemistry from Hindu College. The College is extremely honoured to have such a cherished alumnus, and also profoundly grateful for

his continued generosity and magnanimity towards his alma mater.

CONFERENCE ROOM

A Conference Room has been recently introduced in the Science Block of the college, thanks to the generous contribution from **Dr. Surendra Gupta**, an alumnus of the college and the Founder, President, and CEO of American

Radiolabeled Chemicals (ARC) Inc. This modern conference room offers an excellent space for approximately 50 students and teachers to organize a range of activities including special talks, lectures, workshops, and more. It is equipped with advanced features such as a sound system and a smart television, enabling live webcasting.
