Notice

The Mecca Committee would like to briefly share its experience of attempts made thus far towards organizing the annual culture festival of college-Mecca. The Committee comprising of staff members led by convener and 7 students members elected for the purpose was tirelessly working towards finalizing events and their schedules.

The college had no objection in the three-day cultural festival culminating in a mega star evening on the final day. The student members of committee were of different view and had been insistent on having additional two events with star performers. Given the fact that the University of Delhi has recently issued an advisory that requires NOC from local police and given additional fact that procuring the same is highly unlikely. The staff advisory committee was of the opinion that the demand of the students could not be conceded to.

While the deliberations were still on, a group of students took recourse to indecent unwarranted & ill-mannered behavior which is simply against the ethos and the spirit 'what it is to be a Hinduite'. This misconduct tantamount to holding the college to ransom.

In the light of the above, we are anguished to state that we were left with no choice but to seek police assistance. Such unruly behavior only highlights the necessity of ensuring compliance that is expected from the students body in organizing such a cultural programme.
