2003

ACADEMIC COUNCIL RESOLUTION ON INTERNAL ASSESSMENT

At its meeting held on 18th July 2003, the Academic Council considered the recommendations of the Task Force constituted by the Vice-Chancellor, chaired by Professor S.K. Tandon, to work out the modalities for internal assessment in pursuance of the Executive Council Resolution No. 05 dated 1st May 2003, and resolved as follows:

- (1) (i) That Internal Assessment be made applicable to the students admitted from the academic session 2003-04 onwards (i.e. to begin with for the first year students) in both undergraduate and post-graduate degree courses.
- (ii) That Internal Assessment marks be shown separately in the Marks Sheet issued by the University and these marks be added to the annual/semester examination marks for determining the division of the student.
- (2) That 25% of the maximum marks in each paper in undergraduate courses be assigned for Internal Assessment and the remaining 75% marks for the annual/semester University Examination; that the time duration and other modalities of the annual/semester Examination with respect to this 75% component shall remain as per existing schemes of examination for various undergraduate courses.
 - (i) (a) That 10% weightage be assigned to House Examinations to be conducted by each college preferably in the beginning of the third term or else, towards the end of the second term for all courses where annual examinations are held. That the House Examination be conducted for all subjects in Pass course and B. Sc. (General) and all papers of the Main Subject in Honours courses. [The conduct of the House Examination should be completed in not more than 7 to 8 working days; there should be no gaps in between except Sundays or gazetted holidays].
 - (b) That for courses following the semester examination scheme, the House Examination shall be conducted in each semester. That the House Examination shall be conducted continuously on 5 days beginning the first Monday immediately after the Autumn vacation for the odd semester and the first Monday of March for the even semester.
 - (c) That, ordinarily, before the conduct of the House Examinations, at least two-thirds of the syllabus would be covered in papers taught over the full academic year, and at least one-half of the syllabus would be covered for papers taught over one semester.

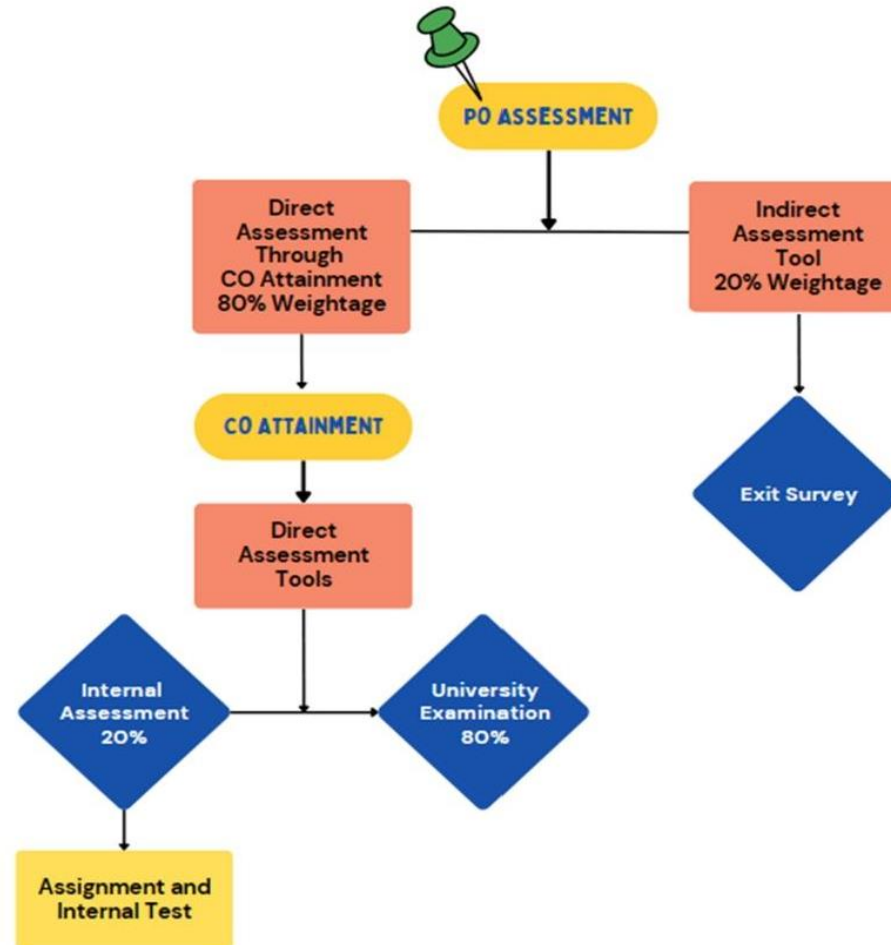

- (d) That the duration of each paper in the House Examination shall be the same as the duration in the University Examination. That the maximum marks for each paper of the House Examination shall be 100 or the same as the maximum marks in the corresponding University Examination. The marks obtained shall be subsequently scaled down appropriately carrying fractions wherever they occur.
- (e) That the scripts of the House Examination be shown to the students (who may be allowed to make a photocopy of their own scripts if they so wish) and collected back to be preserved till the result of the University Examination is declared. That the University reserves the right to scrutinize some or all the scripts of any paper in any course in a College during this period. That a copy of the question paper shall be sent to the Examination Branch of the University and a proper record of the question papers of the House Examination shall be maintained by the College.
- (f) That every teacher shall submit a copy of the result of the House Examination in the College office immediately after the scripts have been shown to the students and that he/she shall maintain a record of the marks with him/her.
- (ii) (a) That each student shall be assessed on the basis of written assignments/tutorials as well as on the basis of project reports / term papers / seminars. That 10% weightage shall be for such written assignments, and project reports/presentations/term papers / seminars. In the beginning of the session, every teacher shall provide a list of questions for written assignments/ tutorials and an illustrative list of topics on which students can prepare projects. Each student shall be given at least one written assignment per paper in each term, subject to a minimum of 12 written assignments per year for all the papers taken together.
- That the total marks for assignments (one or more) during each term shall be 25 per paper which adds up to 75 marks per paper per annum. 25 marks per paper per annum shall be for projects / term papers / seminars. The average marks obtained for assignments per paper per term shall be considered. The total of the marks obtained for written assignments in the three terms and the marks for projects / term papers / seminars for each paper, which adds to 100, shall then be scaled down appropriately carrying the fractions wherever they occur.
- (b) That where the maximum marks in a paper are less than 100, for example 50 marks, the nature of written assignments/tutorial work shall stand adjusted *pari passu*.
- (c) That the score of written assignments / tutorials shall be submitted to the College office at the end of each term along with the attendance record, and the score for project reports / term papers / seminars shall be submitted at the end of the third term.
- (iii) (a) That 5% weightage be given for regularity in attending lectures and tutorials. That the credit for regularity in each paper, based on attendance, shall be as follows:
- | | | |
|---------------------------------|---|---------|
| More than 67% but less than 70% | - | 1 mark |
| 70% or more but less than 75% | - | 2 marks |
| 75% or more but less than 80% | - | 3 marks |
| 80% or more but less than 85% | - | 4 marks |
| 85% and above | - | 5 marks |

[Medical certificates shall be excluded while calculating credit towards marks to be awarded for regularity, though such certificates shall continue to be taken into account for the purpose of calculating eligibility to appear for examinations as per the existing provisions of Ordinance VII.2.(9)(a)(ii).]

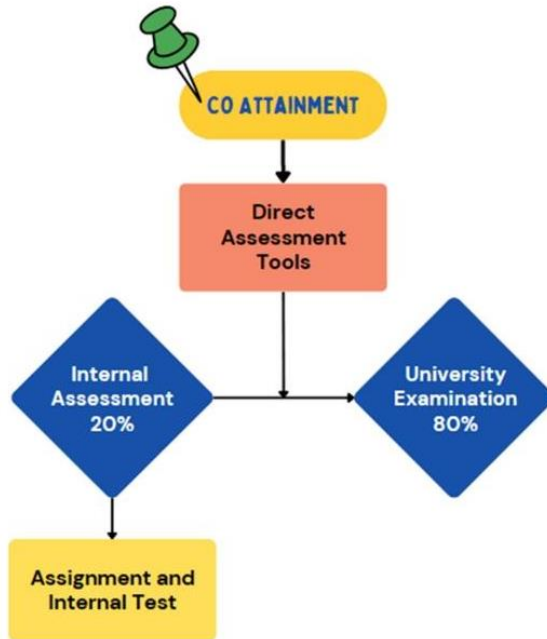

- (b) That the attendance for each term be compiled by the College administration and displayed on the Notice Board within a week of the end of the first and second terms respectively, and by 28th March for the third term; that each teacher shall maintain a record of the term-wise attendance of each student for lectures and tutorials separately.
- (c) At the end of the third term, the attendance of every student in each paper in lectures and tutorials be summed up, converted into percentage, and marks awarded for Internal Assessment by the teacher.
- (iv) That the marks scored by the candidates in all the three components (i.e. House Examination, written assignments, and attendance) be summed-up, and scaled-down appropriately for papers in which maximum marks are less than 100. The Internal Assessment marks for each paper shall then be rounded-off to the nearest whole number. These Internal Assessment marks shall be communicated to the University before the 7th of April each year as per University Roll Numbers, along with a soft copy.
- (v) That there shall be a Moderation Committee for Internal Assessment in each College, discipline-wise, which shall comprise of the senior most teacher in the department, the teacher-in-charge of the department and the previous teacher-in-charge of the department; provided that if, for any reason, the membership of the Committee falls below 3, the Principal of the college shall nominate suitable members from among the teachers of that department/college to fill the vacancies.
- (3) That, with the introduction of Internal Assessment, the maximum marks for the University Examination in each paper shall stand reduced accordingly. For example:
- for a 100 marks paper, the University Examination shall be of 75 marks.
for a 75 marks paper, the University Examination shall be of 55 marks.
for a 50 marks paper, the University Examination shall be of 38 marks.
for a 33 marks paper, the University Examination shall be of 25 marks.
- (4) That the promotion criteria shall be as per the existing Ordinances for University Examinations, as applicable to respective courses. In addition, the same criteria shall apply to the total of the University Examination and the Internal Assessment, taken together.
- (5) (i) That there shall be a Monitoring Committee for Internal Assessment at the University level consisting of the Dean of Colleges as the Chairperson along with three other Deans, one of whom shall be a member of the Executive Council, and the Controller of Examinations as Member-Secretary. That the Committee shall monitor the receipt of Internal Assessment marks from various colleges and ensure timely compliance. If a College fails to submit the Internal Assessment marks in time, the University shall not declare the result for such a course in that

Dear Colleagues,

It is proposed that the Monitoring Committee work be initiated by Friday, 22 November, 2019. Kindly ensure your day long availability from the date mentioned above, so that the Monitoring Committee work gets over in a weeks' time and the students are able to see their internal assessment before their examinations begin. This has been a demand of the students that they should get timely access to their internal assessment marks and hence they want it to be displayed before their examinations.

This is also technically desirable as the students will cross check their marks before we send it to the University.

As before, we solicit your cooperation for the timely completion of this work.

DU Open Book Exam: Some Suggestions

The answer sheet

- Prepare the OBE answer format beforehand to save crucial time. It should look something like this:

ROLL NUMBER 17 roll number on every page	NUMBER OF PAGES USED: 03 signature on every page
NAME :	
EXAMINATION ROLL NUMBER :	
PROGRAMME : (CROSS) B.A. (HONS) ENGLISH	
UNIVERSITY PAPER CODE : 12051601	
TITLE OF THE PAPER : MODERN EUROPEAN DRAMA	
SEMESTER : VI	
DATE : 14/08/20	
TIME : 11:30 AM	
QUESTION NUMBER : 6	

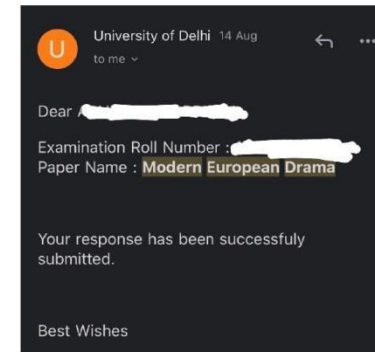

Ans 6: Maxine Tadin has pointed out that the minimum wage should not be

- Estimate the number of pages one answer would take, and leave those many pages and perhaps, one or two more for each answer.
- Page numbers must be written at the bottom of the page.
- Decide which app you'd like to use well in advance and test it. Similarly, decide well in advance whether you'd like to send your answers as PDFs or images.
- Once the answers have been written and scanned, check the scanned copies of the answers thoroughly for blurred parts and illegibility.
- Make sure your scanned answer sheet *looks* the way you'd like it to look. If you're not satisfied, scan again/modify the document if you can.

The portal

- It is best to log in on/before time and accept the unfair means declaration so that you have access to the page where you upload answers from the outset.
- Upload answers against the specific question number. For instance, if you have attempted questions 1,3 and 6, upload the files against those dialog boxes respectively.
- Once you're done uploading and have clicked on 'submit', before the final submission, preview the answer sheets i.e. download the uploaded answer sheets and look for any potential issues.
- Once you've checked the uploaded files, submit the answers. You will receive a mail like this:

DU Open Book Exam: Some Suggestions

- Preserve this mail, and take a screenshot of the same. Just in case there's any issue in the future this will be crucial.

Preparing for the exam, writing the exam

- It is best to have ready written notes/ assembled paragraphs on prominent topics in a text. For example, you can have ready paragraphs for a question on the significance of the city in *Mrs. Dalloway*. Of course, the answer has to be tailored and oriented as per the demands of the question, but it is good to have the content ready.
- Goes without saying (and yet, we must say it) that knowing your text well will help you write an organic answer in an exam where people will *en masse* write the same things. An original style and personal interpretation and articulation will help you stand out *if the examiner is reading what you've written*.
- Since this is an OBE, answers have to be preferably more descriptive than usual. So, less might not be more. If you think you're just filling sheets at any point in writing the answer, stay unapologetic. That being said, make sure you don't include things that derail the arguments you're making.
- Clock-time is truly of the essence in the DU OBE universe (even when you attempt papers on modernism and postmodernism). Try finishing your exam as soon as possible, because the most unsettling part of writing the OBE is scanning and uploading and it will take 15 minutes (and several centuries of anxiety) at the very least.
