Respected Madam

With reference to your mail regarding the details of internet connection at your college, it is informed that University of Delhi is connected with 10Gbps internet connectivity provided by National Knowledge Network (NKN) at both North and South Campus separately.

Your college is also eventually connected to NKN internet connectivity through direct connectivity of 10 Gbps backbone and 1Gbps uplink ports from University of Delhi.

Hope the above will suffice your requirement. In case of any query kindly revert back to us.

Thanks & Regards
